Environment

This business is part of the economy, which is created by our society, which in turn is ultimately, utterly and immediately dependent on the environment. These are the vital context for any business – all risks and all opportunities – including yours.

This business is also part of a value constellation of other businesses, organizations, communities, individuals, animals, plants and the environment.

consider how your answers need to reflect these vital contexts and the other

When answering the questions posed by the canvas for your business

Society

Economy

BIOPHYSICAL STOCKS

Actors in your value constellation.

What ultimate stocks provide the tangible key Resources that are moved, flow, and / or transformed by this business's critical Activities to achieve its Goals?

What biophysical materials – living and non-living – are required in order to co-create value with your Stakeholders?

Guidance: As per laws of conservation of matter, all materials remain Biophysical Stocks somewhere on our single shared planet irrespective of this business's Activities (past, present and anticipated future)

ECOSYSTEM SERVICES

Ecosystem services are processes powered by the sun that use Biophysical Stocks to create flows of benefits humans need: clean water, fresh air, vibrant soil, plant and animal growth etc. Which flows of these benefits are required by, harmed or improved by this business's

Activities? Example: See World Business Council for Sustainable Development (WBCSD)'s Corporate Ecosystem Service Review v2.0
